Job title: Care / Support Worker

Employer name: Co – Operative Care Colne Valley

Hourly rate: £13.45 per hour

Location: Colne Valley and Meltham

Website: <https://www.valleycare.coop/services/>

Who We Are

We are an ethical, not-for-profit community home care service and our vision is for everyone receiving and delivering care to have a high-quality service in and around the Colne Valley and Meltham locality.

We support a wide range of people, from those with dementia, to those with learning difficulties

Co-operative Care Colne Valley is different from other care providers. We are:

- **Locally focussed** – we understand that ‘small is beautiful’ and will focus on the needs of the people of our Colne Valley community
- **Not-for profit** – surplus will be used to enable initial investors to exit should they wish to do so, to pay a modest return to investors, and reinvested in service enhancement, improved pay and conditions for employees, training and genuine opportunities for professional development
- **Community owned and led** – by the members of our society.
- **Democratically controlled** – members have a voice in how the organisation is run.
- **Ethical** – we are committed to environmentally sustainable working and delivering equal care, dignity and respect for all our members.
- **Ambitious to grow** – we will work closely with sister care cooperatives to develop a better system of care.

The Role

You will be providing care, support and companionship to adult user members, in their homes across the Colne Valley and Meltham areas, who may require help with various aspects of daily living and personal care.

You will be able to go beyond meeting basic care needs and be keen to build real friendships with the people you care for, supporting them to lead a fulfilling life.

The role is varied and every day can bring new opportunities and challenges. We are looking for team members who want to make a difference and for people who want to play a part in shaping social care within our community. As we grow our team there will be opportunities to develop your career in care.
